

1 **ABSTRACT OF THE DISCLOSURE**

2 A pattern card has a base material being composed of a paper sheet and a
3 color texture layer printed on the paper sheet. A wax layer is formed on the base
4 material. A protection printing ink is coated on the wax layer. A picture printing
5 ink is partially coated on the protection printing ink according to a designed
6 picture's profile and contour. The protection printing ink and the picture can be
7 mixed with wax in the proportion of 10%. Whereby, it is easy to remove the
8 protection and picture printing ink by a drawknife, and a pattern or picture with a
9 three-dimensional effect appears.
